

PREMIER™
130 SERIES

A Higher Standard.

WHEN YOU'RE READY FOR THE BEST. THE PREMIER™ 130 SERIES

When you want to raise your business to the next level, it's time to consider the Premier 130 Series. It's not only the best in its class. It's a whole new class of glassfront merchandisers. Because its reliability, sophistication and profitability are unrivalled in the business. When you're ready to invest in your future, the Premier 130 Series is ready for you. And your long-term success.

- Stealth styling provides stunning good looks that make your products the center of attention.
- Brighter light presents brands in their true color, and delivers up to three times the bulb life.
- Enhanced merchandising with 100% visual impact of brands, eye-catching two-line scrolling graphics display, and changeable Point-of-Sale window.
- Advanced electronics are smart yet also simple to use, and feature effective modes to save time and money, such as customized energy conservation periods, shut-down by selection, space-to-sales, automatic daylight-savings time clock-rolling, programmable messages, effective promotional tools, and many more.
- Fast Track programming keypad provides time-saving navigation. The buttons are easily identified in plain text, and are also bilingual – simply toggle between English & Spanish – ideal for today's diverse workforce.

- Shelf design provides easier shelf movement, while lower shelves pull out straight for ease of filling and better ergonomics.
- Enhanced Golden Eye® has twelve sensors per side for maximum vend detection.
- Improved delivery bin with a contoured interior makes product retrieval easy, plus greater depth for the positive vend of larger items.

▲ 133 Our flagship merchandiser is the Model 133, commanding the biggest space (and the most profits).

▲ 132

▲ 131

(Right) Fit into those smaller spaces with our compact Model 131.

(Left) Our mid-sized Model 132 strikes a balance between fitting in and standing out.

◀ 223 CAFÉ DIEM®

Café Diem has elevated consumers' perception of hot beverage vending. With up to 15 hot beverage choices, the Café Diem offers a menu of premium upscale beverages that rival a coffeehouse.

◀ 130 Series

Increase your profit potential by hosting an À LA CARTE® fresh or frozen glassfront — all at a lower investment vs. a stand-alone food machine.

◀ 320 À LA CARTE

With the power of glassfront merchandising appeal, the À LA CARTE merchandiser leads the way in fresh and frozen food sales.

▲ 223

▲ 133

▲ 320

▲ Quick-Change Paired Motor Shelving – Convert from candy to snacks without tools, and increase your planogram flexibility on the fly.

ALL OF THE 130 SERIES GLASSFRONT MERCHANDISERS OFFER:

- Plug & Play readiness with pre-inserted price rolls and selection numbers to save time and money in machine setup.
- Braille numeric consumer selection system.
- “Wireless” shelf connections for easy shelf removal and less maintenance.
- Metal shelves and chrome spirals for greater durability and superior performance.

DETAILS

◀ Swing out panel keeps payment systems and cash secure, and in close proximity when servicing.

◀ Bilingual Fast Track programming menu provides direct access to commonly used modes.

◀ Grab consumers' attention with our large graphics display. It's not only stunning, the text-based two-line display also makes the Premier Series extremely simple to set-up, operate, and service.

▶ New reflectors and more efficient bulbs offer enhanced lighting for better merchandising.

▶ Pre-installed price rolls make machine set-up a breeze, while price changes can be made with the touch of a finger.

▶ Our deeper delivery bin with a contoured interior makes product retrieval easier.

▶ 130 Series automatically recognizes when you have plugged in a peripheral device, and provides an instant and continuous visual LED confirmation when peripherals are properly attached.

▶ Use CHIP to make multiple machine installs a snap. Simply download your machine configuration to CHIP, and upload all set-up data to a like model in less than a minute.
